CAREER OBJECTIVE

Dedicated Computer Science and Engineering student with strong foundations in Java, hands-on experience in web-based applications, and growing expertise in Data Structures and Algorithms, Artificial Intelligence, and Machine Learning. Seeking AI, DevOps, and Software Development roles.

EDUCATION

- Bachelor of Technology in Computer Science and Engineering, JNTUH.** 2023-27
Vardhaman College of Engineering, Shamshabad CGPA: 9.36
- Intermediate in MPC, Telangana Board of Intermediate Education (TGBIE).** 2021-23
Sri Chaitanya Junior Kalasala, Hyderabad Percentage: 97.8
- Secondary School, Central Board of Secondary Education (CBSE).** 2021
Delhi Public School, Warangal Percentage: 86.2

ACADEMIC PROJECTS

- Flight Ticket Booking System** April – June 2026
 - Developed a Java-based flight booking web application using Java Servlets, JSP, JDBC, MySQL, and Apache Tomcat, supporting user registration, authentication, flight search, and ticket booking.
 - Implemented admin-based flight management, CRUD operations, session handling, booking summaries, and email confirmation, with MySQL stored procedures for core database operations.
- CollabDocs – Real-Time Collaborative Document Editor** January – February 2026
 - Built a real-time collaborative document editor using React, Node.js, Express.js, Socket.io, MongoDB, and JWT, supporting 10+ concurrent users with real-time document synchronization.
 - Implemented secure authentication, role-based document sharing, auto-save, version history, public sharing, and cloud persistence, with Socket.io-based live updates and active-user tracking.
- Automated Descriptive Answer Evaluation System (Research Paper)** December 2025 – March 2026
 - Developed an AI-powered descriptive answer evaluation system using Python, Tesseract OCR, NLP, Scikit-learn, and OpenCV to automatically extract and assess handwritten responses.
 - Implemented text preprocessing, semantic similarity analysis, and automated scoring, reducing manual evaluation time by 80% while ensuring consistent and accurate assessments.
- CipherShare – Secure File Sharing System** September – December 2025
 - Developed a secure file-sharing platform using JavaScript, Spring Boot, AES-256, RSA, SHA-256, and HMAC, ensuring end-to-end encryption and integrity verification for file transfers.
 - Implemented role-based authentication, encrypted file storage, secure key exchange, and file integrity validation, achieving 100% encrypted data transmission with tamper detection.

INTERNSHIP

- Summer Research Intern** May – July 2026
Symbiosis Institute of Technology, Hyderabad Hybrid
- Java Developer Intern** February - March 2026
Kodbud IT Services and Consulting Online

TECHNICAL SKILLS

Languages: JAVA, Python, C, HTML+CSS, JavaScript

Libraries : NumPy, Pandas, OpenCV, Scikit-learn

Tools & Platforms: Git, GitHub, VS Code, Google Colab, Jupyter Notebook

Cloud/Databases: MongoDB, MySQL, AWS, Azure

Relevant Coursework: Data Structures and Algorithms, Object Oriented Programming, Database Management System, Operating Systems, Software Engineering.

SOFT SKILLS

Leadership Qualities, Effective Team Member, Conflict Resolution

CERTIFICATIONS

- Oracle Agentic AI Certified Foundations Associate, Oracle, July 2026.
- Salesforce Certified Agentforce Specialist, Salesforce, December 2025.

CERTIFICATES

- Java Programming, GeeksforGeeks, July 2026.
- MongoDB, GeeksforGeeks, March 2026.
- Python (Basic), HackerRank, December 2025.
- SQL (Basic), HackerRank, December 2025.
- Networking Basics, VCE, Cisco, August 2025.
- HTML5, CSS3 & JavaScript, Springboard, Infosys, July 2025.

ACHIEVEMENTS

- Maintained a 9.36 CGPA in B.Tech CSE and ranked among the Top 100 students.
- Secured State 2nd Rank in Intermediate First Year.
- Achieved Cambridge Linguaskill Business B2 English proficiency certification with an overall score of 168.

EXTRACURRICULAR ACTIVITIES

- Served as a peer mentor by organizing collaborative study sessions to support classmates during examinations.
- Actively participated in coding platforms such as HackerRank, LeetCode, and GeeksforGeeks.
